

## THE SAFETY SPECIALISTS

# ADVANCED CONFINED SPACE REFRESHER

This one day course has been developed to refresh competencies included in the CSS 2 and 3 Day Advanced Confined Space Training Courses. The course is a mixture of theory and practical components, with a focus on the practical element to ensure ongoing competency.

### Units of Competency

- |   |  |
|---|--|
| ✓ MSMWHS201 Conduct Hazard Analysis               | ✓ MSMPER200 Work in Accordance with an Issued Permit |
| ✓ MSMPER300 Issue Work Permits                    |  |
| ✓ HLTAID001 Provide Cardiopulmonary Resuscitation | ✓ RIIWHS202D Enter/Work in Confined Spaces           |
|   | ✓ MSMWHS217 Gas Test Atmospheres                     |
| ✓ MSMPER202 Observe Permit Work                   | ✓ MSMWHS216 Operate Breathing Apparatus              |
|   | ✓ PUASAR025A Undertake Confined Space Rescue         |

### Refresher Time Frames

- Please note that MSMWHS216 Operate Breathing Apparatus Training is required to be refreshed annually, as per AS1715:2009 and WHS Regulation 2017.
- Please note that HLTAID001 Provide Cardiopulmonary Resuscitation Training is required to be refreshed annually, as per SafeWork NSW Code of Practice for "First Aid in the workplace".

Proof of prior training and successful competency achievement for each individual unit of competency is required upon enrolment. Students will only receive recognition for the units of competency they have been previously awarded.

### Course Duration

The Refresher course is held in one [1] day from 8:00am until 4:30pm.

### Assessment & Qualification

Participants will be assessed via written and practical assessments. Participants with literacy/numeracy difficulties or physical conditions should speak with the Trainer to discuss alternative assessment approaches.

On successful completion, each participant will be issued with a Statement of Attainment listing the completed units of competency.
