

THE SAFETY SPECIALISTS

CHIEF WARDEN

PUAWER006B – Lead an Emergency Control Organisation

This training course covers the competency required to make decisions about people's safety during a workplace emergency and to give instructions on the priority order for responding to the emergency incident area.

Course Objectives

This Unit of Competency places responsibility on individual employees who are delegated responsibility as a part of an emergency control organisation, to lead in the preparation of workplace emergency procedures and to also command, control and coordinate workplace emergency procedures and response, and conclude the incident.

The knowledge and skills gained through the completion of this unit may be applied across all industries.

Pre-Requisite

Any participants completing this training unit must also have completed 'Operate as part of an emergency control organisation' PUAWER005B, as a prerequisite to this course.

Course Outline

- ✓ Prepare for workplace emergencies
- ✓ Apply command, control and coordinate aspects of workplace emergency procedures
- ✓ Control the response to emergency reports, signals and warnings
- ✓ Coordinate reports and results of initial emergency response
- ✓ Conclude incident

Assessment

Participants will be assessed via a written assessment. Participants with literacy/numeracy difficulties or physical conditions should speak with the Trainer to discuss alternative assessment approaches.

Qualification

On successful completion, each participant will be issued with a Statement of Attainment.
