

## THE SAFETY SPECIALISTS

# OBSERVE PERMIT WORK

## MSMPER202 – Observe Permit Work

This Nationally Accredited unit of competency is suitable for the safety observer role for permits and covers the knowledge and skills required to perform this role.

### Course Objectives

- Understanding the permit system and the individual permit's requirements
- Observing work being performed
- Noting any change in conditions and taking required action
- Understanding that safety observers can stop permit work, but do not have the authority to restart it

### Course Outline

- ✓ Prepare for the Job
- ✓ Control the Permit site
- ✓ Take appropriate action for potential incident
- ✓ Complete safety observer role

### Assessment

Participants will be assessed via questionnaire and practical demonstration of skills. Participants with literacy/numeracy difficulties or physical conditions should speak with the Trainer to discuss alternative assessment approaches. Applicants will be required to undertake physical activity to meet all the assessment criteria to a satisfactory level.

### Qualification

On successful completion, each participant will be issued with a Statement of Attainment.
