

THE SAFETY SPECIALISTS

WARDEN

PUAWER005B – Operate as a part of an Emergency Control Organisation

This unit covers the competency required to implement the emergency response specified in the workplace emergency procedures, or specified by a person at a higher level in the emergency control organisation. The individual who undertake this work will be working within the command, control and coordinate structure of the emergency control organisation.

This unit has been developed to cover the broad range of emergencies and workplaces as considered in Australian Standard 3745-2010.

Course Objectives

This unit places responsibility on individual employees who are delegated responsibility as part of an emergency control organisation to participate in the preparation of workplace emergency procedures; alert and report potential workplace emergencies; evaluate the need to evacuate a work area; prepare for an evacuation; and assist people who may require assistance in accordance with workplace emergency procedures.

The knowledge and skills gained through the completion of this unit may be applied by employees across all industries.

Course Outline

- ✓ Respond to emergency reports, signals and warnings
- ✓ Anticipate the further development of emergencies
- ✓ Initiate and control initial emergency response
- ✓ Assist with post initial response

Assessment

Participants will be assessed via questionnaire and practical demonstration of skills. Participants with literacy/numeracy difficulties or physical conditions should speak with the Trainer to discuss alternative assessment approaches. Applicants will be required to undertake physical activity to meet all the assessment criteria to a satisfactory level.

Qualification

On successful completion, each participant will be issued with a Statement of Attainment.
